CHOOSING BETWEEN STAIN GRADE AND PAINT GRADE DOORS

At Ranch House Doors, we build semi-custom garage doors with premium craftsmanship and timeless style. When choosing your door, one of the key decisions is **Stain Grade vs. Paint Grade**—each offers its own unique benefits depending on your design goals.

PAINT GRADE WOOD OPTIONS

Designed for a Smooth, Custom Painted Finish

Paint Grade doors use strong, economical wood components designed to be painted. These doors are ideal for matching your home's color scheme and provide a clean, uniform surface.

- **Frame Material:** Finger-jointed (FJ) Hemfir for strength and stability
- **Panels:** Raised or recessed panel options
- **Perfect For:** Homeowners who want design flexibility with custom paint colors

Stain Grade doors are built with high-quality, visually appealing wood species that are meant to be stained—not painted. These doors highlight the natural grain, color, and texture of the wood, offering a warm and luxurious look.

- **Wood Options:** Clear Hemfir, Cedar, or Mahogany

In a small La Mirada garage more than two decades ago, our father, Mike Neal, built his first custom wood door. The garage was alive with the sounds of roaring machines, and the air was thick with sawdust—a symbol of hard work and creativity.

Dad often said, “I love the smell of sawdust in the morning.” That passion turned what began as a “little experiment” into Ranch House Doors—one of the nation’s premier door manufacturers.

Today, we carry on Dad’s legacy, creating handcrafted garage doors, entry doors, gates, and more for homes across the country. Our skilled design team is here to turn your ideas into reality, blending timeless craftsmanship with your unique style.

For us, every door is more than just a product; it’s an opportunity to make your home warm, functional, and truly exceptional. Because like Dad always said, “If you can think it, we can build it.”

Only garage doors featuring the official **Ranch House Doors serial number plate of authenticity** are genuine Ranch House Doors products. This serial number plate represents our commitment to craftsmanship, premium materials, and enduring quality. Doors without it are not made or authorized by Ranch House Doors and do not carry our warranty or brand guarantee. **Look for the serial number plate—it’s the mark of true craftsmanship.**
